Hello Sandy,

Thank you for the emails. I as the SLO have monitored the area as well as patrol. Today when we were out there 3 homeless were present and spoken to. The tent was taken down and

everything else has been cleaned like Renee from sanitation already advised. I took photos of the area. As for the narcotics activity my Narco unit has already been notified of the location Can you provide your contact number. Thank you,

Thank you Shamara... and if that's the case, perhaps asking for the LAPD to be present to assist in the homeless encampment clean up would be helpful. Otherwise, they will return; since it was allowed for the past eight 8 months and there's since no policing presence to enforce that area; they figure that can do what they do by using drugs, and all the illegal activity that goes on, etc. On Wednesday, May 13, 2020, 09:05:36 AM PDT, San Call Center <san.callcenter@lacity.org> wrote:

Good morning Ms. Richardson,

Thank you for contacting LA Sanitation.
We're here to help.

All of our residents are very important to us and we will do our best to expedite your request. The matter has been escalated to a care team assigned to this area. Please understand that the protocol for Homeless encampment can take up to 90 days to be cleaned. The department that clean the area must follow the guideline set under Municipal code 56.11. If the homeless leave and the area is cleaned and they return the next day the process can start all over again. They may be why there has been so many request in the past. The Homeless do have

rights and those rights are outline in Municipal code 56.11. We do want to assist with clean up however all guideline must be met first. Thank you for your patience in this matter. Again I wanted to let you know that I have emailed the Care Team assigned to this area to look into the matter.

If you need further assistance, please do not hesitate to contact us 1-800-773-2489.

Please have a supervisor or assigned associate to contact me regarding this service request. This is absolutely unacceptable for this request to be CLOSED and why?

The Homeless Abatement request was placed since last year. You may also have more than one service request regarding his particular area, I assume.
